# MAT-SU SCHOOLS FOUNDATION

October 31, 2016

Dear Principal Ross,

Your teacher Michael Backus was awarded a Mat-Su Schools Foundation grant of \$781.45 for a technology "Internet of Things" Program. His plans will cover a range of computer science and computer engineering concepts and skills. Enclosed is a check for \$781.45.

Would you award this certificate to Michael at your next staff meeting to honor him in front of his peers? We would like to congratulate Michael for his dedication to students at Teeland Middle School !

Please make sure your teachers know that the Mat-Su Schools Foundation awards grants to teachers each year in the fall. We also award scholarships to graduating seniors in the spring. If a teacher wants to apply for another grant, besides a Mat-Su Schools Foundation grant, they may apply to use our non-profit tax exempt number to do so.

Congratulation to Michael Backus !

Patricia Purcell, Treasurer  
Mat-Su Schools Foundation
